Questions (10)

1 - Quiz

Linearly Separable Data?

20 sec

True

False

2 - Quiz

Which Option is NOT need for learning?

20 sec

Representation of h_t Evaluation of h_t Optimization of h_t Calculation of h_t 

3 - Quiz

How do you know which hypothesis h_t is to pick?

20 sec

Error induced by h_t Number of h_t produced

4 - True or false

Gradient Descent is an Optimizer?

20 sec

True

False

5 - Quiz

Small arrows are learning steps, α , of a Gradient Descent. Two options are correct.

20 sec

Small α -value increases learning speed?Large α -value increases learning speed?Small α -value decreases learning speed?Large α -value decreases learning speed?

6 - True or false

It's a typical profile of Batch Gradient Descent.

20 sec

True

False

7 - True or false

It's a typical profile of Stochastic Gradient Descent.

20 sec

True

False

8 - True or false

Linearly Separable?

20 sec

True

False

9 - True or false

Underfitting Hypothesis?

20 sec

True

False

10 - Quiz

Which one is NOT correct about this image?

20 sec

High Variance

Low Variance

Different Errors

High Bias
